BEST PRACTICE-2:

1. Title of the Practice: CBCS curriculum

2. Goals: The focus of our institution is on holistic education which strives to continually adapt a student-based centric approach to education. Choice Based Credit System (CBCS) is one of the Best Practice introduced by us to create flexibility in the learning process for the student and to enable them to learn in a more creative manner.

- CBCS gives students greater flexibility in determining their learning choices.
- This course helps student to take interdisciplinary or allied field of subjects to their liking.
- CBCS helps to develop interdisciplinary approach in higher education.

3. Practice: Faculties design there lectures in such a manner where student's participation is ensured. We encourage our students towards self-reliance and independence, so that they develop in well-adjusted personality. A workshop was held so that students can be well aligned to course and we invited Dr Anupam Dutta, who gave his views and insights about the prospect of this course and how it will help the students in the future.

4. Evidence of Success: Positive response and feedback were received from the students.

5. Problems Encountered: The biggest disadvantage is faculty strength which is very low and the students lack prerequisite which lessen their enthusiasm.

5. Resources required: A handsome amount is needed to organise such an event.
